

# Glide easily into position with OEC Elite MiniView and GE Capital \$99/month for the first 6 months!<sup>1</sup>

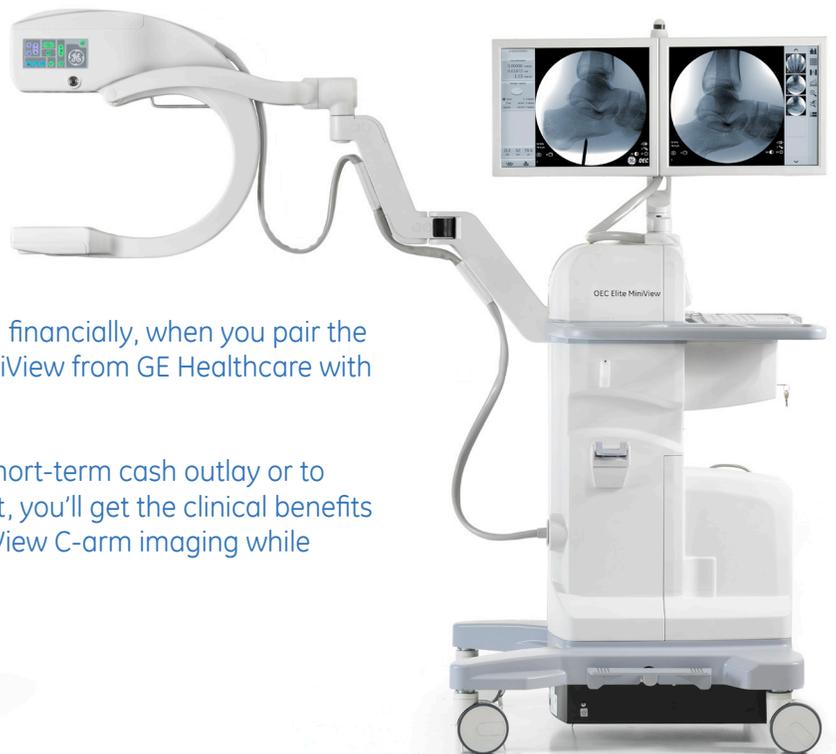

Lease your GE OEC Elite MiniView with GE Capital and you may be eligible for:

- \$99 monthly payments for the first six months
- \$1,499 monthly payments for the remaining 54 months.

The \$99/month introductory payments help you minimize your cash outlay while you ramp up your case load, or if you prefer low, fixed payments for cash flow consistency, we offer a 60 month FMV lease with payments as low as \$1,344 per month.<sup>2</sup>

Operate with confidence, both clinically and financially, when you pair the easy-to-use technology of the OEC Elite MiniView from GE Healthcare with the financial expertise of GE Capital.

Whether your financial goal is to minimize short-term cash outlay or to seek the lowest consistent monthly payment, you'll get the clinical benefits of maneuverable, reliable GE OEC Elite MiniView C-arm imaging while reserving cash flow.

Contact your OEC representative today for more information on how you can take advantage of this limited time promotion.

1. Nothing herein constitutes a proposal or commitment for any particular sale, purchase or financing transaction. Any such transaction would be subject to credit, legal and other relevant approvals at GE Capital and would be subject to the execution of documentation in form and substance satisfactory to GE Capital. The 6 months at \$99/monthly and 54 months at \$1,499/month payment is being provided for discussion purposes and by way of example only, is based on (i) a lease term of 60 months, (ii) a \$84,000 purchase price for an OEC MiniView with installation and (iii) a lease rate factor for the tiered payment of option of 0.00118 and for the fixed payment of 0.01784 and is exclusive of taxes and service. The actual monthly payment and term may vary depending on lessee's credit standing and GE Capital's cost of funds at time of funding. GE Capital reserves the right to terminate this promotion without notice at any time in its sole discretion. Equipment and services would be provided by GE Healthcare, a division of General Electric Company, and any financing of the same would be provided by GE Capital Healthcare Equipment Finance, a component of GE HFS, LLC. GE Capital makes no representations or warranties, express or implied, regarding any equipment and/or services described herein. GE does not provide any legal, tax or accounting advice. Please consult your professional advisors for any such advice.
2. The above monthly payments are based on (i) a lease term of 60 months, (ii) a \$84,000 purchase price for an OEC MiniView with installation and (iii) a lease rate factor of 0.01600 and is exclusive of taxes and service.
